

Speaker Testimonials:

Comments from two attendees at the Fast Track's "Chronic Disease Management with Limited Funds" conference:

"Sherry Lebed's session was great, positive empowerment. Kudos to the organizers!"

"Sherry Lebed was the best after lunch speaker I have experienced. The Lebed Method was a fantastic presentation."

"Sherry Lebed Davis was a keynote presenter at our Survivors Night Celebration and her presentation was wonderful. Laughter was in the air and you could see the healing behind all the smiling faces. The night ended too soon. Many people wanted to continue to enjoy Sherry and each other. The program was such a success and we thank Sherry for this."

~Paula Johnson, Clinical Program Coordinator at the Loma Linda University Cancer Institute

"Sherry LeBed Davis gave a delightful presentation at the Circle of Hope Lymphedema Foundation's National Conference. The Lebed Method was a big success at the conference. Patients and therapists called me after the conference to inquire more about Sherry and her presentation. Sherry's presentation was comprehensive, educational and most of all "Fun"! I was very impressed with Sherry's enthusiasm, support and positive approach to getting everyone moving and enjoying every minute of it. Many Lymphedema patients were moving more than they ever thought they could. With 'Happy Music' and 'Blowing Bubbles' we performed exercises and dance movements in a very gentle way. Sherry, through her "Lebed Method" gave everyone an elevated self esteem and a more positive body image. We were able to take our minds off of our pain and limitations and enjoy the music and feel the movement! This program decreases depression and creates empowerment!"

~Jeanne B. Tassis, President and Founder - Circle of Hope Lymphedema Foundation, Inc.

"CURE Conference presenter, Sherry Lebed Davis, every year gives a wonderful, a fantastic, uplifting, motivational presentation."

~Kathy LaTour, Editor Cure and Heal Magazine

"Valley Medical Center" (Key Note Presentation)

"We want to have the speaker back who made us laugh, blow bubbles, dance and lightened our spirits."

"Thank you for the joy you brought back into my life"
